Column based  
Question PO ✓  
CI ✓

**Directions (1-5):** In the following question two columns are given containing three sentences/phrases each. In the first column, sentences/phrases are A, B and C and in the second column, the sentences/phrases are D, E and F. A sentence/phrase from the first column may or may not connect with another sentence/phrase from the second column to make a grammatically and contextually correct sentence. Each question has five options, four of which display the sequence(s) in which the sentences/phrases can be joined to form a grammatically and contextually correct sentence. If none of the options given forms a correct sentence after combination, mark (e), i.e. “None of these” as your answer.

Elimination

We will have to choose ✓  
an option which is both  
grammatically & logically  
correct -

# QUESTION 1

0:45

Column A	Column B
A. If you have only <u>six-seven</u> years of data,	D. you can't establish anything.
B. The GDP number is important because it is an <u>estimate</u>	E. half of them saying they expect an improvement in the current year.
C. The overall opinion on job creation looks good, with more than	F. <u>of</u> the total income being produced in the country in a given year

~~A) A-D, B-F and C-E~~

C) C-E, A-F

E) B-D, A-F

B) A-F

D) A-E

# QUESTION 2

0:45

Column A	Column B
A. The value of the rupee in the long run really depends	D. On how your own inflation rate compares with the inflation rate of other countries

## QUESTION 29

Disregard/ neglect/ omission/  
consideration/ disdain

While acknowledging that the outlook for the global economy and international trade remain clouded and sluggish, the RBI has (5) that the risks to India achieving 7.6 per cent Gross Value Added economic growth in the current financial year remain evenly balanced as of now. With clear signs emerging of “green shoots in manufacturing”, including those of a pick-up in new domestic and overseas orders, renewed business confidence, and an increasingly broad-based improvement in services activity, the central bank has opted for an accommodative (6) that allows it elbow room to take more growth-supportive steps if the environment warrants. The rationale(7) for sitting pat on rates is the sharper-than-anticipated increase in food costs, particularly the rising prices of pulses and cereals; at the same time, services inflation has remained somewhat sticky.

**0:45**

## QUESTION 30

Posited / ignored/ abstained/  
rejected/ neglected

While acknowledging that the outlook for the global economy and international trade remain clouded and sluggish, the RBI has (5) that the risks to India achieving 7.6 per cent Gross Value Added economic growth in the current financial year remain evenly balanced as of now. With clear signs emerging of “green shoots in manufacturing”, including those of a pick-up in new domestic and overseas orders, renewed business confidence, and an increasingly broad-based improvement in services activity, the central bank has opted for an accommodative (6) that allows it elbow room to take more growth-supportive steps if the environment warrants. The rationale(7) for sitting pat on rates is the sharper-than-anticipated increase in food costs, particularly the rising prices of pulses and cereals; at the same time, services inflation has remained somewhat sticky.

**0:45**

## QUESTION 31

Carriage/ viewpoint/ stance/  
belief/ trust

While acknowledging that the outlook for the global economy and international trade remain clouded and sluggish, the RBI has (5) that the risks to India achieving 7.6 per cent Gross Value Added economic growth in the current financial year remain evenly balanced as of now. With clear signs emerging of “green shoots in manufacturing”, including those of a pick-up in new domestic and overseas orders, renewed business confidence, and an increasingly broad-based improvement in services activity, the central bank has opted for an accommodative (6) that allows it elbow room to take more growth-supportive steps if the environment warrants. The rationale(7) for sitting pat on rates is the sharper-than-anticipated increase in food costs, particularly the rising prices of pulses and cereals; at the same time, services inflation has remained somewhat sticky.

**0:45**

## QUESTION 32

Proffered/ concealed/  
refrained/ withhold/ kept

The rationale(7) for sitting pat on rates is the sharper-than-anticipated increase in food costs, particularly the rising prices of pulses and cereals; at the same time, services inflation has remained somewhat sticky. And of course there is a lot (8) on the steady progress of the rains so far has translated into a strong improvement in sowing, with its potential for a salutary impact on food inflation. The full impact that the implementation of the Seventh Pay Commission's recommendations will have on house rents and, as a result, the CPI, could have influenced the RBI's price stability (9). It is these risks to the inflation target that prompted Mr. Rajan to stay the course, even as the RBI continues to ensure that liquidity remains adequate. Expressing broad confidence in the RBI's ability to stay on the "glide path" to achieving 5 percent inflation by March 2017, Mr. Rajan has (10) the fact that his successor will, in all likelihood, have the advantage of being joined by five other members of the Monetary Policy Committee when they meet to decide interest rates in October. It will no longer be lonely at the top at the RBI.

**0:45**

## **QUESTION 33**

**Riding/dissuading/  
mismanaging / staying/  
neglecting**

The rationale(7) for sitting pat on rates is the sharper-than-anticipated increase in food costs, particularly the rising prices of pulses and cereals; at the same time, services inflation has remained somewhat sticky. And of course there is a lot (8) on the steady progress of the rains so far has translated into a strong improvement in sowing, with its potential for a salutary impact on food inflation. The full impact that the implementation of the Seventh Pay Commission's recommendations will have on house rents and, as a result, the CPI, could have influenced the RBI's price stability (9). It is these risks to the inflation target that prompted Mr. Rajan to stay the course, even as the RBI continues to ensure that liquidity remains adequate. Expressing broad confidence in the RBI's ability to stay on the "glide path" to achieving 5 percent inflation by March 2017, Mr. Rajan has (10) the fact that his successor will, in all likelihood, have the advantage of being joined by five other members of the Monetary Policy Committee when they meet to decide interest rates in October. It will no longer be lonely at the top at the RBI.

**0:45**

## **QUESTION 34**

**Calculation/ calculus/  
decrease/ reduction/  
appropriation**

The rationale(7) for sitting pat on rates is the sharper-than-anticipated increase in food costs, particularly the rising prices of pulses and cereals; at the same time, services inflation has remained somewhat sticky. And of course there is a lot (8) on the steady progress of the rains so far has translated into a strong improvement in sowing, with its potential for a salutary impact on food inflation. The full impact that the implementation of the Seventh Pay Commission's recommendations will have on house rents and, as a result, the CPI, could have influenced the RBI's price stability (9). It is these risks to the inflation target that prompted Mr. Rajan to stay the course, even as the RBI continues to ensure that liquidity remains adequate. Expressing broad confidence in the RBI's ability to stay on the "glide path" to achieving 5 percent inflation by March 2017, Mr. Rajan has (10) the fact that his successor will, in all likelihood, have the advantage of being joined by five other members of the Monetary Policy Committee when they meet to decide interest rates in October. It will no longer be lonely at the top at the RBI.

# HOMework

of 18<sup>th</sup> Nov

B

EAD

(EA)

AD

- A) According to it, organized retail stores are not wolves at the doors of friendly neighborhood grocery stores as there is room for expansion of both.
- B) Many have been crying foul over the entry of organized retail stores expressing concern over their impact on small store owners.
- C) The final winner in the competition, however, is the common man who gets to choose between the most suitable options and in turn fights with the runaway inflation in prices of essential commodities.
- D) In spite of this potential for expansion, it is doubtless that the small store owners face a decline in profit in initial years if organized retailer's set up stores in the vicinity.
- E) But a study conducted over a period of two years goes a long way towards allaying these fears.
- F) This impact, however, wears off once they learn to take on the competition which in turn enhances efficiency all around.

B E A D F C

# HOMEWORK ✓

- A) It is therefore a contributing factor to the growth of landfills and waterway pollution, both of which are costly and energy-intensive to solve.
- B) Making an effort to use those resources and avoid polystyrene ones can help to decrease your environmental impact.
- C) Non-biodegradable essentially means that any polystyrene that makes its way into a landfill will stay there indefinitely, never breaking down and returning to the earth.
- D) Polystyrene, as a product, is very convenient to use, but it has some important effects we should consider when making choices as consumers
- E) While recycling polystyrene material can cushion the environmental blow of its use, alternatives are available that are created from renewable resources and biodegrade more readily.
- F) For example, while polystyrene has some excellent uses and is technically recyclable, it is not a substance that biodegrades.
