Five persons M,N,O,P and Z have different designations like Manager , PO, SO, Clerk and Peon in a Bank. The order of seniority is the same as given above i.e., Manger is the senior-most designation and Peon is the junior-most designation. Each person has different number of bank checks— 19, 23, 35, 39 and 51 but not necessarily in the same order. O is junior to P. The one who has 39 Bank checks is just senior to Z . The one who has prime number of pens is not the senior most person . Atleast three designations senior to P. N is junior to the one who has 39 bank checks. The difference between the bank checks of Z and O is 4. P has 12 bank checks more than M.

एक बैंक में पांच व्यक्तियों M,N,O,P और Z के अलग-अलग पदनाम हैं जैसे मैनेजर, पीओ, एसओ, क्लर्क और चपरासी । वरिष्ठता का क्रम वही है जो ऊपर दिया गया है यानी, मंगर सबसे वरिष्ठ पद है और चपरासी सबसे कनिष्ठ पदनाम है। प्रत्येक व्यक्ति के पास अलग-अलग संख्या में बैंक चेक हैं- 19, 23, 35, 39 और 51 लेकिन जरूरी नहीं कि इसी क्रम में हों। O, P से कनिष्ठ है। जिसके पास 39 बैंक चेक हैं, वह Z से ठीक वरिष्ठ है। जिसके पास अभाज्य संख्या में पेन हैं वह सबसे वरिष्ठ व्यक्ति नहीं हैं। पी से वरिष्ठ कम से कम तीन पदनाम हैं। N उस व्यक्ति से कनिष्ठ है जिसके पास 39 बैंक चेक हैं। Z और O के बैंक चेक के बीच का अंतर 4 है। P के पास M से 12 बैंक चेक अधिक हैं

Ten persons are sitting in two parallel rows containing five persons in each row such a way that there is an equal distance between adjacent persons. In the first row, A, B, C, D and E are seated and all of them are facing north. In the second row, P, Q, R, S and T are seated and all of them are facing south. Therefore, in the given seating arrangement, each member seated in a row faces another member of the other row. E sits 2nd from one of the extreme end of the row. P faces the one who sits 2nd to the right of E. D sits 2nd to the left of B, who does not sit at the extreme end. Two persons sit between S and Q. R sits immediate left of S. C sits next to B.
