**2. Link the sentences together: Always remember, it is a passage, so the sentences are linked to one another. Never make a mistake of treating every sentence an individual one.**

**3. Type of word to fill in: Look at the blanks carefully and try to assess which kind of word to put in the blank. Words can be based on grammar, prepositions, tenses, vocabulary etc.**

**4. Tone:** Passage may contain some specific tone like narrative, critical, sarcastic, humorous etc. So, always make a right choice of a word.

**5. Negate options: Sometimes, words are too close, eliminating wrong choices can help.**

**6. Key words: Pay close attention to key words/ clues in the sentences before and after the given blank.**
