The Union Minister for Power and New and Renewable Energy (MNRE) has addressed the Ministerial session of the **Green Grids Initiative-One Sun One World One Grid (OSOWOG) Northwest Europe Cooperative Event**.

The mega plan of OSOWOG calls for transnational electricity grid supplying solar power across the globe.

It will connect **140 countries through a common grid that will be used to transfer solar power**.

The idea was first floated by PM Modi in 2018 during the first assembly of the International Solar Alliance (**ISA**).

The vision behind the OSOWOG mantra is “the Sun never sets” and is a constant at some geographical location, globally, at any given point of time. With India at the fulcrum, the solar spectrum can easily be divided into two broad zones viz:
