Thought of the day

**Don't watch the
clock; do what it
does. Keep going.**

The background is a blue-toned illustration. It shows a silhouette of a person standing on a hill, looking up at a large, glowing sphere (representing the sun or moon) in a starry sky. The person's arm is raised, holding a string that appears to be attached to the sphere, symbolizing the concept of following the clock's lead.

Geospatial Energy Map of India was launched by Dr Rajiv Kumar (Vice Chairman, NITI Aayog), Dr V K Saraswat (Member, NITI Aayog), and Shri Amitabh Kant (CEO, NITI Aayog) on 18 October 2021. Dr K Sivan, Chairman ISRO & Secretary Department of Space attended the launch event.

NITI Aayog in collaboration with Indian Space Research Organisation (ISRO) has developed a comprehensive Geographic Information System (GIS) Energy Map of India with the support of Energy Ministries of Government of India. The GIS map provides a holistic picture of all energy resources of the country which enables visualisation of energy installations such as conventional power plants, oil and gas wells, petroleum refineries, coal fields and coal blocks, district-wise data on renewable energy power plants and renewable energy resource potential, etc through 27 thematic layers.

The map attempts to identify and locate all primary and secondary sources of energy and their transportation/transmission networks to provide a comprehensive view of energy production and distribution in a country. It is a unique effort aimed at integrating energy data scattered across multiple organizations and to present it in a consolidated, visually appealing graphical manner. It leverages latest advancements in web-GIS technology and open-source software to make it interactive and user friendly. The Geospatial Energy Map of India will be useful in planning and making investment decisions. It will also aid in disaster management using available energy assets.

The Kerala High Court lashed out again at the practice of demanding nokku kooli by headload workers in the State.

Nokku kooli refers to extortion by organized labour unions in Kerala under which wages are paid to trade union activists for allowing common householders/investors/builders to unload belongings/materials using machines or their own labour.

In Malayalam, 'nokku kooli', translates into 'gawking wages' or 'wages for (just) looking on'.

The practice **still persists in the state despite a ban and repeated directives by the High Court**. On May 1, 2018, the Kerala government banned the practice.
