SO IT'S TIME

Let's start

ARTICLE

Only 50% of farmers benefited from loan waivers, says study

'Implementation poor in Telangana, M.P., Jharkhand, Punjab, Karnataka and U.P.'

Poor implementation

The chart shows the share of eligible farmers who received loan waivers. Telangana, Madhya Pradesh, Jharkhand and Punjab fared the worst in terms of implementation

ARTICLE

Only about half of the **intended beneficiaries** of farm loan waivers **announced** by nine States since 2014 have actually received **debt write-offs**, shows a study by State Bank of India researchers. As of March 2022, the poorest **implementation** of farm loan waiver schemes in terms of **proportion** of **eligible** farmers who had received the announced benefits was in Telangana (5%), Madhya Pradesh (12%), Jharkhand (13%), Punjab (24%), Karnataka (38%) and Uttar Pradesh (52%). **By contrast**, farm loan waivers implemented by Chhattisgarh in 2018 and Maharashtra in 2020 were received by 100% and 91% of the eligible farmers, **respectively**. A similar waiver announced by Maharashtra in 2017 worth ₹34,000 crore for 67 lakh farmers has been implemented for 68% of beneficiaries, SBI researchers **reckoned**.

ARTICLE

The SBI study was based on the **outcomes** of 10 farm loan write-offs worth about ₹2.53 lakh crore announced by nine States, starting with Andhra Pradesh and Telangana in 2014. As many as 92% of Andhra Pradesh's 42 lakh farmers eligible for loan waivers had **benefited**, while the number was a mere 5% for Telangana. "Since 2014, out of **approximately** 3.7 crore eligible farmers, only around 50% of the farmers received the amount of loan waiver till March 2022... Despite much hype and political patronage, farm loan waivers by States have failed to bring respite to intended subjects, sabotaging credit discipline in select geographies and making banks and financial institutions wary of further lending," the SBI report noted.
