The passage given contains blanks, choose the best choice in each case from the words in the options and mark your answer accordingly.

Suppose you put \$ 100 in a savings account that earns 10% interest each year, after five years how much will you have? This was a question posed in a multiple-choice quiz by Standard and Poor's, a rating agency. The answers (1) were "less than \$150", "exactly \$150" and "more than \$150". The intention was to test whether respondents (2) compound interest, in addition to basic mathematics. Alas, not that many did: just one-third of them answered three out of five similar multiple-choice questions (3). Scandinavians are the most financially literate: 70% were able to answer three questions; the corresponding figure for Angolans and Albanians was 15%. While education plays a large role in (4) financial literacy, the link with GDP per person is also remarkably strong. Research shows that in developed countries, knowledge (5) a U shaped curve with middle-aged adults performing best while in developing countries financial literacy is best among the young. But worryingly many countries remain in a 1960s time warp.

The answers ___(1)___ were "less than \$150", "exactly \$150" and "more than \$150".

Select The most appropriate option to fill in blank number 1.

put forth

- 1. volunteer
- 2. suggest
- 3. proffered
