MISSION IBPS CLERK-2023 (TARGET BATCH)

Read the passage and answer the questions.

MISSION IBPS CLERK-2023 (TARGET BATCH)

Social media has brought a new idea in networking where people with similar interests or from similar backgrounds and cultures can connect and share in **expertise**, knowledge, education, and entertainment, among other aspects. Through the sharing of articles, blogs, pictures, and videos, a person's audience helps to increase their networks and followers, meet friends, and make new acquaintances online; not only locally but also worldwide. In addition, social media has eliminated many communication **barriers** enabling people to interact and freely share information about various topics of interest.

MISSION IBPS CLERK-2023 (TARGET BATCH)

Companies find new customers through advertising on social networks and thereby increase the awareness of their brand including those that celebrate and express particular cultures. In addition, social media has changed market research since businesses can study their customers through the details on their profiles as opposed to traditional research. Information is shared online with little or no spending, which helps improve profits for companies. This does not only occur locally but also internationally where global economic activity has become possible with social media sites like Facebook aiding businesses to promote their products and align them to specific

MISSION IBPS CLERK-2023 (TARGET BATCH)

Cyberbullying entails online attacks including insults and threats. Women, girls, and school children can become victims of online harassment and bullying. In addition, social media affects productivity as it distracts employees from work. This can lead to a loss of billions due to reduced productivity.

Furthermore, social media can lead to identity theft and stalking when a user fails to protect their privacy. It is difficult to maintain privacy online and any negative post could have enduring risk on the user.

MISSION IBPS CLERK-2023 (TARGET BATCH)

They include enhanced socialization and economic progress with networking helping to increase the number of one's clients and friends while also providing a platform for celebrating and enhancing one's culture.

Nonetheless, despite these impacts being relevant at the national as well as the global level, social media also has some negative effects including cyberbullying and online harassment, reduced productivity, and privacy infringement, among others. Malcom X once said, "The media's the most powerful entity on earth...because it controls the masses."

Though this reference was to mainstream media, this
