of protective masks.

Silly mistake

Sir/Madam,

With due respect, I, Utpal Mahato, a regular reader
of your esteemed daily. I want to share my thoughts
on awareness regarding the disposal of protective
masks. In 2020, COVID-19 pandemic hit us and
taught us how to use a mask and it became a
new normal for us to wear a mask in public place.
But most of us don't know how to dispose it.
Many of us through it here and there not even in
a bin. As a result it is not only a health hazard but also an

Throw

Many of us through it here and there not even in a dustbin. As a result, it infects others. The street animals eat it, and the elastic band does not digest as a result it damages their body. When we through mask into any waterbody not only pollute the waterbody but also damages the marine life.

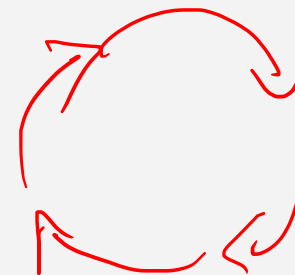

So, If you kindly give my letter a little space in your newspaper, so that we become a little bit concern about ourselves as well as our environment

Thanking you,

Yours faithfully,

Utpal Mahato
