- A) The desks have damaged the
- B) walls, whereas a more
- C) appropriately choice could
- D) have prevented such damage.
- E) No error

Directions: In the question given below, a sentence is given, broken into parts that are jumbled in any random order. Choose the option that provides the correct rearrangement of the sentence.

symptoms of ulcerative colitis, a disease (A)/ some probiotics can also reduce the (B)/ with an unknown cause that produces inflammation (C)/ and ulcers in the colon and rectum (D)

A) ADCB

B) ABDC

C) BDCA

D) BACD

E) No rearrangement required

one of the most common (A)/ used by diabetics is
(B)/ synthetic human insulin (C)/ products of
biotechnology (D)

A) CBAD

B) CDBA

C) BDCA

D) BADC

E) No rearrangement required

the researchers believe that (A)/ economically
viable aviation biofuels (B)/ could be produced (C)/
in the next five years (D)

A) DCBA

B) DBAC

C) ADBC

D) CDAB

E) No rearrangement required

thrive in very harsh environments (A)/ dormant for extraordinary lengths of time, (B)/ and some microbe species can (C)/ bacterial spores can remain (D)

A) CDAB

B) CBAD

C) DBCA

D) DACB

E) No rearrangement required

Directions: In the question given below, a sentence is given, broken into parts that are jumbled in any random order. Choose the option that provides the correct rearrangement of the sentence.

Though the **existence** of dinosaurs at the poles has been discussed for decades, we have never collected **definitive** evidence that they **inhibited** these areas during **prolonged** periods of freezing temperatures.

- A) existence
- B) definitive
- C) inhibited
- D) prolonged
- E) No improvement

An **entrepreneur** with no **empathize** for her customers is **unlikely** to understand what goods and services her customers want and will not stay in business for **long**.

- A) entrepreneur
- B) empathize
- C) unlikely
- D) long
- E) Non-improvement

In Tanzania, where myths and superstition _____
people with albinism, karate classes are
boosting their confidence.

- A) alleviate
- B) enshrine
- C) anticipate
- D) endanger
- E) eschew

Directions: : In the questions given below, rearrange the parts of the sentence in the correct order, and choose the correct option.

the organism's pragmatic attempt **(A)**/ to get maximum grip on **(B)**/ imagination is part of **(C)**/ its changing environment **(D)**

A) ADBC

B) BCAD

C) CABD

D) DABC

E) No rearrangement required

that we can achieve our collective goals **(A)**/ so as to
pick ourselves off **(B)**/ the sofa to work
together **(C)**/ each of us needs to believe **(D)**

A) ADBC

B) BCAD

C) DBAC

D) DABC

E) No rearrangement required

the theory that the acquisition of the **mitochondrion (A)**/
some don't see a reason to **abandon (B)**/ the rapid
evolution of **eukaryotes (C)**/ was the spark that ignited
(D)

A) ADCB

B) BCDA

C) BADC

D) ADBC

E) No rearrangement required

when researchers took advantage of today's cheap gene **(A)** / the mystery genes turned up in the last decade **(B)**/ sequencing technology to explore the genomes **(C)**/ of a wide range of eukaryotes **(D)**

A) ACDB

B) BCAD

C) BACD

D) ACBD

E) No rearrangement required

communicating with each other over large distances

(A)/ is different from all the other organs **(B)**/ is that its function is mediated through cells **(C)**/ the thing about the brain that **(D)**

A) DACB

B) DBCA

C) ABCD

D) DCAB

E) No rearrangement required
