In the following passage, some of the words have been left out, each of which is indicated by a number. Find the suitable word from the options given against each number and fill up the blanks with appropriate words to make the paragraph meaningfully complete.

Cloze Test

SBI CLERK 2023 (आधार बैच)

Non-banking financial companies, already 1 under a painful liquidity crisis, are up against a fresh challenge in the form of new regulatory norms set by the Reserve Bank of India. The central bank has 2 draft norms on liquidity risk management for deposit taking and non-deposit taking NBFCs. According to these proposed rules, NBFCs would have to comply with a higher liquidity coverage ratio (LCR), which is the proportion of 3 that an NBFC needs to hold in the form of high-quality liquid assets that can be quickly and easily converted into cash. The new norms, which are expected to be implemented by the RBI over four years starting from April 2020, would likely put significant pressure on the margins of NBFCs.

SBI CLERK 2023 (आधार बैच)

Under these norms, NBFCs would have to maintain their LCR at 60% of net cash 14 initially, and improve it to 100% by April 2024. If the norms are implemented, NBFCs may be forced to park a significant share of their money in low-risk liquid assets, such as government bonds, which yield much lower returns than high-risk illiquid assets. The strict norms have to be seen in the 15 of the present crisis where even prominent NBFCs are struggling to meet their obligations to various lenders.

SBI CLERK 2023 (आधार बैच)

Non-banking financial companies, already 1 under a painful liquidity crisis, are up against a fresh challenge in the form of new regulatory norms set by the Reserve Bank of India. Find the appropriate option to **fill the blank no. 1**
