Sentence

Word Rearrangement

In each of the questions given below, a sentence is given which is divided into four parts A, B, C and D. These four parts may or may not be in their correct position. The sentence is then followed by options with the correct combination of parts that should replace each other in order to make the sentence grammatically and contextually correct. Find the correct combination of parts that replace each other. If the sentence is correct as it is, select '5' as your option.
