In the following passage, some words have been deleted.
Select the most appropriate option to fill in each blank.

In recent periods, many campaigns have been organized (1) employing children in mines, factories, motor garages, restaurants, tea stalls, and shops. There are various households that employ poor children though only a few provide their child-servants with adequate food and clothing. They are (2) of education and their wages are paid to their parents and the money is rarely spent on them. It is the extreme poverty of their parents that forces the children to (3) such a profession at a minor age. Hence, we need, not only strict laws but also a thorough economic reform to (4) the poverty line. At the same time, the spread of literacy is essential to root out these shameful practices still (5) in our country.
