I have three visions for India. In 3000 years of our history people from all over the world have come and invaded us, captured our lands, conquered our minds. That is why my first vision is that of **FREEDOM**. I believe that India got its first vision of this in 1857 when we started the war of Independence.

. Yet we lack the self-confidence to see ourselves as a developed nation, self-reliant and self-assured. Isn't this incorrect? My second vision for India is **DEVELOPMENT**. For fifty years we have been a developing nation. It is time we see ourselves as a developed nation. We are among the top five nations in the world in terms of GDP.

Question: 1

As per Dr. Kalam, what is India's position in the world in terms of Gross Domestic Product?

1. among top ten nations
2. among top five nations
3. among top twenty nations
4. among top thirty nations

Solution : The correct answer is option 2) i.e., 'among top five

I have a THIRD VISION. India must stand up to the world. Because I believe that unless India stands up to the world, no one will respect us. Only strength respects strength. We must be strong not only as a military power but also as an economic power. Both must go hand-in-hand. My good fortune was to have worked with three great minds. Dr. Vikram Sarabhai, of the Dept. of Space, Professor Satish Dhawan, who succeeded him, and Dr. Brahm Prakash, father of nuclear material. I was lucky to have worked with all three of them closely and consider this the great opportunity of my life.

Question: 2

- 2. Dr. Brahm Prakash**
- 3. Professor Satish Dhawan**
- 4. Dr. APJ Abdul Kalam**

Solution : The correct answer is option 2) i.e., 'Dr Brahm Prakash'.

I was in Hyderabad giving this lecture when a 14-year-old girl asked me for my autograph. I asked her what her goal in life is. She replied: I want to live in a developed India. For her, you and I will have to build this developed India. You must proclaim India is **not** an underdeveloped nation; it is a highly developed nation. You say that our government is inefficient. You say that our laws are too old. You say that the municipality does not pick up the garbage. You say that the phones don't work, the railways are a joke, the airline is the worst in the world, and mails never reach their destination. You say that our country has been fed to the dogs and is the absolute pits. You say, say, and say.
