With the new legislation, the government's actions cannot be nullified by the Supreme Court on the ground that they were "unreasonable". The far-right wants to turn Israel into an authoritarian theocracy, with few checks and balances at home and unbridled expansion into the occupied land. But its push has also exposed Israel's faultlines, plunging it into its biggest crisis. Mr. Netanyahu might have pushed the Bill through the Knesset, but he has rendered Israel weaker.

Mohun Bagan Super Giant (MBSG) on Tuesday unveiled a newly designed jersey that goes with the change in the nomenclature with which the Indian Super League champion will be making its appearance this season.

The jersey was styled on a design chosen from around 5000 ideas presented by fans, who were asked by the club to create the jersey.

The new design brings back the old style with the club colours of green and maroon occupying equal space on the jersey.

“We hope to see the team continue its successful run in the new season. Keeping that in mind we have created a strong squad this season with some prominent new signings,” said Sanjiv Goenka, the principal owner of the team.

Present at the launch ceremony were Indian international Anirudh Thapa and Australian striker Jason Cummings, two notable signings of MBSG this season.
