***Haripriya Rangan** teaches geography and environmental sciences at the University of Melbourne. She tells **Times Evoke** about how plants have traversed the world:*

Human history, encompassing the way we live, what we consider our culture and what we eat, is bound up with vegetation which creates landscapes around us. From the oldest times, Earth has seen the movement of plants, animals and insects over vast

areas, creating ecosystems as they settled. Scientists studying ancient pollen deposits found plants which originated in one place travelled to the other end of the world. Sometimes, these were carried by winds or seas. At other times, they were transported by animals, birds — and people.

God save the green

From the European colonial period, especially after the Americas were discovered, unusual and profitable plants intrigued explorers. They began transporting plants to Europe, first as curiosities which were planted in the

10. Flurry (Noun) : घबराहट

Meaning: A short time in which there is suddenly a lot of activity

Synonyms: Bustle, Commotion

Antonyms: Calm, Stillness

Sentence: As the snow started falling, children ran outside with great excitement, creating a flurry of laughter and snowball fights in the neighborhood

Huma Qureshi confesses that it's challenging to respond differently every time she speaks about a movie in a flurry of interviews. In the age where production houses connect with digital content creators, apart from tapping traditional media houses, to market films, it's natural for Huma to say that as she notes how she was woken up at 4 AM to kickstart the promotions for her upcoming film *Tarla*. This reality of unceasing content creation is one of the many reasons that excited her about playing Tarla Dalal, the culinary wizard, in the upcoming Piyush Gupta directorial.
