Directions: In the following passage, some of the words have been left out and replaced by a blank represented by a letter. First read the passage and try to understand what it is about. Then fill in the blanks as per the questions given.

India's ___(A)___ economic growth has been accompanied by falling fertility rates and higher educational attainment among women. These advances often lead to an increase in women entering the labour force, but there has been a surprising ___(B)___ on this front in India. Less than 30% of working-age women are currently in work compared to nearly 80% of men in India. The conspicuous absence of women in India's labour force is part of a wider ___(C)___ the country is facing when it comes to jobs growth. But the fact that it is affecting women more than men is a worrying ___(D)___ for India, which tends to rank poorly in UN rankings like the Gender Development Index and Gender Inequality Index, and has historically had low shares of women participating in the labour market. Plus, the number of women working has been ___(E)___ falling over the last 30 years.

India's (A) economic growth has been accompanied by falling fertility rates and higher educational attainment among women.

Which of the following appropriately fits in A?
