WORDS WITH PICTURE

1. Spurt (Noun/Verb) : उछाल, बहाव

Meaning: A sudden burst or surge of something; to gush or flow forcefully and suddenly.

Synonyms: Burst, Surge, Jet, Gush, Flow

uptick

Antonyms: Slow, Dwindle

Sentence: The company experienced a spurt of growth in sales last quarter.

2. Deflation (Noun) : मंदी, मुद्रास्फीति

Meaning: A decrease or reduction in economic activity, prices, or the value of assets; the opposite of inflation.

Synonyms: Reduction, Decline, Slump

Antonyms: Inflation, Growth, Rise

Sentence: The central bank implemented measures to combat deflation and stimulate economic growth.

Gross Goods and Services Tax (GST) revenues grew 11.5% to cross ₹1.57 lakh crore in May. While this marks the slowest growth in six months, with collections 16% lower than April's inflows, a nuanced reading is warranted. April's revenues, which crossed a record ₹1.87 lakh crore, were bumped up by financial year-end compliances. Although May's collections, for transactions during April, the first month of this financial year, were the lowest in three months, they signal a broader positive trend. While GST revenues have been over the ₹1.4 lakh mark for 15 successive months, May's revenues mark only the sixth time that GST revenues have crossed the ₹1.5 lakh crore mark. Four of those occasions have been in 2023. More significantly, even after discounting the April spurt, the average monthly revenues between October 2022 and May 2023 are over ₹1.53 lakh crore (and ₹1.57 lakh crore-plus if April's record kitty is included). Revenues have held up despite retail inflation cooling to 4.7% in April and wholesale prices slipping into deflation. Given this backdrop, if price rise continues to ease, 10%-12% growth rates in the GST kitty should be fine even if they seem more solemn than last year.

3. Scrutiny (Noun) : छानबीन, जांच

Meaning: Critical observation or examination, careful and thorough evaluation or inspection.

Synonyms: Examination, Inspection, Analysis, Evaluation, Study
Analyses

Antonyms: Neglect, Oversight

Sentence: The research findings are currently undergoing scrutiny by experts in the field.

4. Fillip (Noun) : प्रोत्साहन

Meaning: **something which acts as a stimulus or boosts to an activity**

Synonyms: **Boost, Stimulus, Impetus, Encouragement, Motivation**

Antonyms: **Setback, Discouragement, Hindrance**

Sentence: **The speech by the motivational speaker gave a fillip to the students' enthusiasm.**

tackle evasion and fake registrations. A new return scrutiny system has kicked in to prioritise cases with higher revenue implications. From August, e-invoicing will be mandatory for firms with an annual turnover over ₹5 crore, snipping possible loose ends in the tax trail. That some holders of the withdrawn ₹2,000 currency notes are looking to spend part of their stash by September 30 may provide some fillip too. If around ₹1.55 lakh crore is likely to be the new normal for monthly GST revenues, the government must seize this window to expedite the resolution of policy-level anomalies that still haunt the tax. Even if political bandwidth is constricted ahead of the Lok Sabha polls, the GST Council must not dither on what is doable in the short run, such as setting up tribunals, clarifying gaming and casino levies, and drawing up the blueprint for fixing an unwieldy rate structure.

5. Seize (Verb) : जब्त करना

Meaning: To take hold of something or someone forcibly and suddenly.

Synonyms: Grab, Clutch, Grasp, Capture, Confiscate

Property

Antonyms: Release, Loosen, Free

READING SKILLS

- “Rivers should link, not divide us,” said the Indian Prime Minister expressing concern over interstate disputes, and urged state governments to show “understanding and consideration, statesmanship and an appreciation of the other point of view.”
- Water conflicts in India now reach every level; divide every segment of our society, political parties, states, regions, and sub-regions within states, districts, castes and groups, and individual farmers. Water conflicts within and between many developing countries are also taking a serious turn. Fortunately, the “water wars”, forecast by so many, have not yet materialized. War has taken place, but over oil, not water.
- Water is radically altering and affecting political boundaries all over the world, between as well as within countries. In India, water conflicts are likely to worsen before they get resolved. Till then they pose a significant threat to economic growth, security, and health of the ecosystem and the victims are likely to be the poorest of the poor as well as the
